

WOMEN at the CUTTING EDGE

Saturday 30 October 11am – 5pm

The Arbour, 100 Shandy Street, E1 4ST (nearest tube Stepney Green)

Open to people of all genders

Free creche available: please email feminist.fightback@gmail.com to confirm a place.

On 20 October the ConDem government's "Spending Review" will detail enormous cuts in public services. We are already feeling the impact of earlier cuts many effected by Labour; nurseries and libraries are closing, jobs are being lost. As the government "austerity drive" steps up, the reality is that cuts will hit the lives of all but the wealthiest. In many cases women will be hit the hardest with recent reports estimating that women will suffer 72% of the tax and benefit cuts.

Whether you're a feminist, an activist, a trade unionist, someone affected by the cuts, or involved in fighting the cuts in your college, community or workplace, or just interested in how the landscape of the welfare state is changing, Feminist Fightback invites you to join a day of discussions and networking. We want to put these cuts in a political context, link up, and share ideas and skills as we plan to fight them together.

Participatory workshops on:

- * What's going on? Mapping cuts and campaigns
- * Who do the cuts affect? Why are cuts a feminist issue?
- * What does it mean? Demystifying the "economics of the crisis"
- * What do we want? Fighting within and against the state

For more information or to book a stall at the event, please see <http://www.feministfightback.org.uk>, email feminist.fightback@gmail.com, or call Laura on 07971 842027

WOMEN at the CUTTING EDGE

The Arbour, 100 Shandy Street, Stepney Green, E1 4ST

Saturday 30 October 11am – 5pm

Open to people of all genders

**Lets get together
to understand what we face
and plan the fight.**

Public services are under attack.

Nurseries and libraries are closing,

jobs are being lost

with more cuts yet to come.

Women will be hit the hardest
with recent reports estimating
that women will suffer

72% of the tax and benefit cuts.

Participatory workshops on:

- What's going on? Mapping cuts and campaigns
- Who do the cuts affect? Why are cuts a feminist issue?
- What does it mean? Demystifying the "economics of the crisis"
- What do we want? Fighting within and against the state
