Feminist Fightback is an anti-capitalist collective of self defining women.

We meet monthly – 7pm, the second Weds of every month, Oxford House, E2 - to discuss and organise. At the moment we are working on three projects:

- 1. Developing teachers' material on feminist sex and relationship education.**
- 2. Researching the outsourcing of sexual health services to anti-choice charities.**
- 3. Thinking about how to organise a grassroots feminist anti-fascist movement.**

We also have a football team every Sunday in Victoria Park (E2) open to all self-defining women of all levels and ages.
